

COVID 19 UPDATE 23/03/20

Dear Members,

I would firstly like to thank you all for buying into our new hygiene polices in relation to the Corona Virus. By doing our part we can hopefully mitigate the spread of the virus and also help prevent it from affecting any of our staff or patrons of the golf club.

We have experienced a massive slowdown in our business. We have had multiple functions cancel in the clubhouse and have seen a substantial decline in our revenue across the board.

Whilst all indications are showing that we may be at the start of the curve in relation to the severity of the situation in Australia and more specifically Brisbane, we really do hope that as many of our members and patrons to the Club will continue to frequent the golf club over the coming weeks.

As of midday on the 23rd of March the operation for the clubhouse will fall into line with the Federal Government's announced guidelines of only serving takeaway items.

The golf course, Pro Shop and practice facilities will function as normal in the confines of social distancing.

Unfortunately we are having to cut back our casual staff's hours of work. We really do want to keep as many people at the Club employed as is humanly possible. Indeed, we would like nothing better than having to reinstate our casual workers.

We would appreciate your continued support and patronage throughout this difficult time. The golf course and driving range are the perfect places to practice self-distancing!

There are several ways that you could make a positive contribution to the proper functioning of the golf course during this most difficult period.

1. Play golf at least once a week
2. Use our driving range at least once a week
3. Buy a take-a-way breakfast / lunch from the clubhouse when you are here playing
4. Book a golf lesson with one of our P.G.A Professionals
5. Purchase multiple years of membership in advance at the current rate

If you would be interested in the multiple years of membership at the current rate please contact Dave Mellso at proshop@meadowbrookgolfclub.com.au

Regards,

Steven Linskey
